Dear fellow activists,

as you have probably heard by now, there will be a (hopefully) large no border-camp taking place in Cologne from the 13th to the 22nd of July 2012. The camp is meant to be a space for us to exchange ideas and to make connections. We also want to encourage antiracist debates and activism. The camp depends on the active participation of many people, bringing in ideas or organising events.

We, as part of the group coordinating the camp's preparation, would like to start composing the programme for the camp within the next weeks. Could you imagine giving a talk or a workshop in Cologne (alone or as a group)? Do you have any ideas for actions you would like to plan and announce beforehand? Do you know someone we should invite to the camp? If you do, please write an e-mail to choreo-nbc@riseup.net! Below this text you'll find an overview of the main topics the camp will be concerned with.

To be able to plan properly we'd ask you to provide us with precise information about your event or action. Therefore we made a little 'questionnaire' which is attached to this email. Please don't hesitate to contact us, if you feel uncertain about anything.

Also attached you find the PGP-key to our e-mail address. You can also inform us about ideas for actions that shouldn't be announced in the camp programme, but should still be considered in the preparations.

All the best, your Choreo-Crew

P.S. Please foward this to anyone who might be interested!
